

Mary J. Treglia COMMUNITY HOUSE

2026

JANUARY-JUNE IMPACT REPORT

This marks the 105th year for Mary J. Treglia Community House, which began in 1921. Our founder was an advocate for people who were new to our country, and she worked to create a “home base” where they could get the support and services they needed to connect with their new community. Today we are proud to extend her legacy by providing legal immigration services, family services, English Language Learning classes, and a fully accredited preschool.

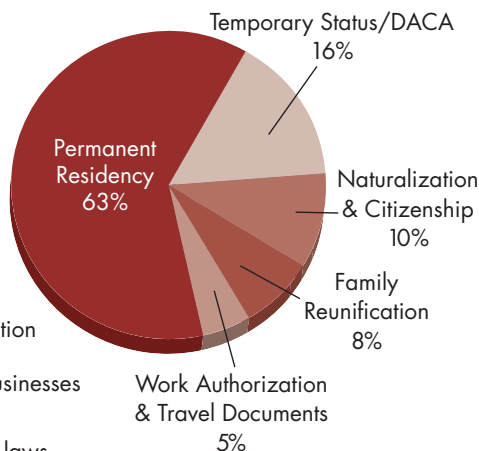

LEGAL IMMIGRATION SERVICES

155 new applications/petitions filed
140 consultations

CLIENTS from Brazil, Burma/Myanmar, Colombia, Democratic Republic of Congo, Ecuador, El Salvador, Eritrea, Ethiopia, Germany, Guatemala, Haiti, Honduras, Kenya, Mexico, Nicaragua, Philippines, Somalia, South Sudan, Sudan, and Venezuela

- ❖ Helped clients understand our nation’s very complicated immigration laws so they can do everything the correct way
- ❖ Continued working with employment authorization documents (including work authorizations and permanent residency applications) to ensure businesses have a reliable workforce
- ❖ Assisted employers with changing immigration laws, so they understand what work permits are still valid and which ones are expired

FAMILY SERVICES

700+ clients from countries all over the world

We help individuals complete job applications, understand legal documents, communicate with agencies and organizations, and navigate volumes of complex information. **Each service represents a story.** Behind every application is a person seeking employment. Behind every Social Security question is a family trying to establish stability. Behind every preschool application is a parent working to create opportunities for their child. Behind every translation or interpretation request is someone seeking to understand and be understood.

PRESCHOOL

28 students & families
9 languages spoken in our classroom

STUDENTS from Cuba, Guatemala, Eritrea, Ethiopia, India, Laos, Mexico, Philippines, Somalia, United States, and Vietnam

ENGLISH LANGUAGE LEARNING

120+ students across five levels

STUDENTS from Burma/Myanmar, Colombia, Cuba, Democratic Republic of Congo, El Salvador, Eritrea, Ethiopia, Guatemala, Haiti, Honduras, Japan, Liberia, Mexico, Micronesia, Nicaragua, Pakistan, Somalia, Turkey, Venezuela, and Vietnam

- ❖ Learned through several field trips
- ❖ Listened to classroom guests
- ❖ Launched “Conversation Clubs”
- ❖ Introduced topic-based classes to cover driving and technology
